

JOEL CHRISTIAN

9992284545 | djoelchristian777@gmail.com | <https://joel-christian-portfolio.vercel.app/>

SKILLS

- **Languages:** Java, Python, JavaScript (ES6+), TypeScript, SQL, C.
- **Web Technologies:** React.js, Next.js, Node.js, Express.js, Tailwind CSS, HTML5, CSS3, JWT.
- **Developer Tools & Databases:** Data Structures & Algorithms, RESTful APIs, Microservices, MongoDB, MySQL, Docker, Git, Thunder Client.
- **Cloud & AI:** Gemini API, Vercel, Netlify, Inngest (Serverless Queues).

WORK EXPERIENCE

The Web Blinders: Web Developer Intern (Full Stack Development) May 2025– June 2025

- Optimized front-end performance for a React application via lazy loading and code-splitting, achieving a 98+ Lighthouse score and sub-1.5s LCP.
- Engineered an AI-driven project assistant using the Gemini API and advanced prompt engineering, increasing user engagement by 40%.
- Architected a modular UI library with i18next for localization and automated deployment pipelines using GitHub Actions, enabling 100% cross-product component reuse.

PROJECTS

Full-Stack E-Commerce Platform | MERN Stack (MongoDB, Express, React, Node)

- Developed a comprehensive E-commerce engine featuring dynamic product filtering, persistent cart state, and an end-to-end order management system.
- Integrated Stripe & Razor pay gateways with webhook handling for secure domestic and international transactions.
- Engineered an Admin Dashboard with RBAC (Role-Based Access Control) for real-time inventory and order management.
- Optimized MongoDB indexing and Redis caching to maintain sub-200ms API response times under simulated load.

Stock-Sense: AI-Powered Market Intelligence | Next.js, TypeScript, MongoDB, Inngest

- Developed a microservices-based platform to process live Finnhub API streams for real-time market insights.
- Orchestrated background workers with Inngest to automate data ingestion, reducing manual system overhead by 60%.
- Implemented Better Auth for secure session management and built a mobile-responsive dashboard for cross-device data visualization.

EDUCATION

G. Pulla Reddy Engineering College || Kurnool, Andhra Pradesh November 2022 –June 2026

B. Tech in Computer Science and Engineering

CPGA: 8.18 / 10

Narayana Junior College || Kurnool, Andhra Pradesh

June 2020 – June 2022

Intermediate in Mathematics, Physics, Chemistry (MPC)

Percentage: 88.2%

ACHIEVEMENTS & EXTRACURRICULARS

- **Algorithmic Problem Solving:** Solved 150+ problems on Leetcode/Neetcode, demonstrating proficiency in data structures, algorithms, and efficient code composition.
- **Technical Certifications:** Earned HackerRank Java and SQL Certifications, Earned an Ethical Hacking Certification on NPTEL.
